PSE Disclosure Form 4-30 - Material Information/Transactions
References: SRC Rule 17 (SEC Form 17-C) and
Sections 4.1 and 4.4 of the Revised Disclosure Rules

Subject of the Disclosure

Platinum Group Metals Corporation has signed a supply contract for the delivery of 1 million wet metric tons to Golden Harbour International Pte Ltd.

Background/Description of the Disclosure

Global Ferronickel Holdings, Inc. (FNI) announced today that its operating subsidiary, Platinum Group Metals Corporation (PGMC) has signed a supply contract for the delivery of 1 million wet metric tons (WMT) to Golden Harbour International Pte Ltd. (a subsidiary of the Tsingshan group) at a spot price for the 2017 mining season. This brings the company's take-up capacity to 3 million WMT compared to its target of 6 million WMT in 2017. FNI anticipates to secure more supply contracts with its long-standing customers ahead of the mining season.

Based on conducted exploration drilling, PGMC has overall mineral resource estimate of 50.3 million dry metric tons (DMT) as of 30 June 2016. This represents only 24% of the MPSA area currently being explored. It subsequently completed a feasibility study that determined total reserves to be at 35.4 million WMT or 23.07 DMT taking into account the economic, legal and technical factors.

Other Relevant Information

Amended to reflect the following:

1. The correct total reserves is 35.4 million WMT or 23.07 million DMT; and
2. Out of the total MPSA area, the area explored is 24%.
